

508-BA

Furnishings used for the preparation of surgical instruments to be sterilized.

Built entirely of 18/10 AISI 304 (1.4301) stainless steel sheet with matte Scotch-Brite surface finish. All welds are done using a TIG process to ensure perfect hygiene and cleanliness.

Rounded corners without sharp edges, to guarantee the total safety for users.

Hygienic and antibacterial stainless steel upper work surface, reinforced at the bottom with sound absorbent and anti-glare panel.

The whole unit rests on adjustable height 150 mm legs for proper leveling of the counter and for easy cleaning and disinfection of its underside.

Wall cabinet with hinged door and height adjustable internal shelf.
